TO WHOM THIS MAY CONCERN.

We were extremely fortunate to be given Daren Blackburn's telephone number purely by chance. At the time we were desperate to find a reputable engineer as several so called engineers tried to resolve the problems we had with a second hand dispenser and apart from paying large amounts of money the problems were still there.

Daren came for the first time on the 22nd October and as he went through each fault on the machine, within a few visits our machine worked without any hick up.

Daren is conscientious and always turns up when he says he will.

We consider ourselves very fortunate to have been given his details.

Mrs Patricia Dubresson
Director
