To Whom It May Concern.

Re: Mr Daren Blackburn.

Daren Blackburn has worked for KMS for approximately 9 years.

Daren has always been conscientious and has shown the ability to take initiative and work with autonomy when required. He has shown a high degree of skill in developing, customising and maintaining machinery which has improved the efficiency and minimised costs in our Filling room.

I would have absolutely no hesitation in recommending Daren as during his time with KMS he has shown himself to be loyal, trustworthy and highly skilled.
